Liv Platinum 500mg

Product Overview:

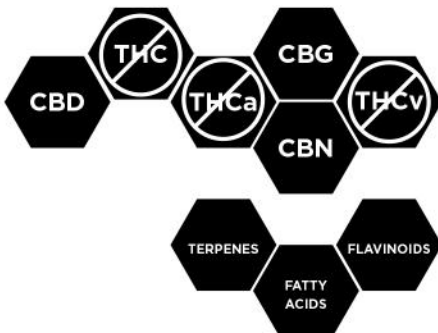

Liv Platinum 500 Broad Spectrum Hemp Oil is organically grown and scientifically formulated to provide 16.66 mg Hemp Rich Cannabinoids per mL in each serving. Liv Platinum 500 Broad Spectrum's powerful formula contains CBD, CBG, CBN, CBC as well as a broad spectrum of terpenes and bioflavonoids.

Liv Platinum 500 Broad Spectrum's high potency is perfect for those who are seeking higher milligrams without taking half a bottle of a lower potency product. The pleasant citrus mint natural flavor makes your daily serving enjoyable.

Why Broad Spectrum:

Broad-spectrum CBD contains a range of naturally occurring compounds from the hemp plant, but no tetrahydrocannabinol (THC). Although lacking THC, a premium Broad Spectrum formula such as Liv Platinum 500 Broad Spectrum will produce the coveted "entourage effect" which greatly increases the beneficial results. Simply stated, the sum of all the parts is greater than a single isolate. Liv Platinum 500 Broad Spectrum offers all of the Entourage benefits associated with full-spectrum without the THC!
