

Liv Platinum 2000mg

Product Overview:

The proprietary Liv Platinum 2000mg is organically grown and scientifically formulated to provide 66 mg Hemp Rich Cannabinoids per mL (61 mg of CBD) in each serving. Liv Platinum's powerful formula contains CBD, CBG, CBN as well as a broad spectrum of terpenes and bioflavonoids.

Liv Platinum's high potency is perfect for those who are seeking higher milligrams without taking half a bottle of a lower potency product. The pleasant citrus mint natural flavor makes your daily serving enjoyable!

Why Broad Spectrum:

Broad-spectrum CBD contains a range of naturally occurring compounds from the hemp plant, but no tetrahydrocannabinol (THC). Although lacking THC, a premium Broad Spectrum formula such as Liv Platinum will produce the coveted "entourage effect" which greatly increases the beneficial results. Simply stated, the sum of all the parts is greater than a single isolate. Liv Platinum offers all of the Entourage benefits associated with full-spectrum without the THC!

The Entourage Effect without THC

- SUPER HIGH POTENCY
- 61 MG CBD PER SERVING
- ORGANICALLY GROWN HEMP
- Zero THC
- LIGHT CITRUS MINT FLAVOR TASTES GREAT!
