

HEMPPRO Soft Gels

With Curcumin and BioPerine®
25mg of water soluble Hemp Oil CBD per Soft Gel

Advanced Broad Spectrum

Product Overview:

Adding Curcumin and BioPerine® to this organically sourced CBD Soft Gel formula greatly increases the benefits(1,2) such as:

Liv Labs uses the BioPerine® as a “bioenhancer” in the delivery and bioavailability of the Curcumin. With many nutrients, such as curcumin, you only absorb a fraction of what you ingest. When combined with BioPerine®, however, you may assimilate much more of these nutrients. This may also apply to nutrients such as Vitamin A, Vitamin C, selenium, Vitamin B6, betacarotene and more.

- 25 mg CBD
- 10 mg of Beneficial Curcumin
- BioPerine® to enhance absorption
- Easy to swallow
- Phytocannabinoid Rich Oil
- Broad Spectrum
- ZERO THC

The data is sound and compelling! But on a personal note, I can speak to the **calming, digestive, and inflammatory support**

Studies show up to and increase of 2000% in the bioavailability of Curcumin by adding BioPerine®!
