### FAQs

**What is the best dosage for my pet?**

**What do I do if my pet has never taken Hemp before?**

Begin with a cautionary dose and monitor how your pet reacts. Increase dose to the above chart when you feel comfortable.

**Can I increase the dosage if my pet has health issues?**

Yes, if your pet is showing signs of discomfort and/or anxiety you can slowly increase their dosage. Consult your vet before giving your pets Hemp.
